

Letter to sponsor

Words cannot describe how grateful I am for the sponsorship. I feel so privileged and blessed to have been rewarded with a sponsorship from you. It is unbelievable how quickly time flew by, it is almost 2014. This year has been tough, but so far it's been good. One of the reasons is because of the subjects that I have and enjoy and try to my best in. Being grade 10 and having to adapt to these subject choices has also been a difficult process but I got through it. This year I took part in Hockey and played for the u/16B side. I was involved with the CANSA society and help organise the grade 10 dance as a form of fundraising, I am also a part of the Uparty committee. I also did a leadership Course that is organised by the University Of Stellenbosch. I sing in the choir and we take part in many competitions. Outside of school I do drama and recently took part in the Trinity Guildhall Grade 6 exam and achieved 77%. I would like to take part in many more activities to fulfil this sponsorship, but due to transport I cannot because I have to take a taxi to and from school which leaves at certain times and due to my mother that works from 8am-5pm. Other than that I am completely satisfied, I am enjoying high school and making every moment count.

Once more, thank you for everything, I really appreciate it. I hope you and your family have a blessed Christmas and a happy new year.

Many thanks,

Nizette Gordon
